

CURRICULUM VITAE

Name: Finn Rasmussen

Date of Birth: 1965

Degrees:

Degree	Field	Institution	Date
Undergraduate	Faculty of Medicine	Southern Denmark University	1992
PhD / MD Specialty	MD, Pulmonary Disease, Asthma and Allergy	Southern Denmark University	2000
Senior Research Fellow	Pulmonary Disease, Asthma and Allergy	St. Joseph Hospital; McMaster Uni Canada	01.03.01- 01.09.01
PhD / MD Specialty	Pulmonary Disease Specialty	Ulusal Sağlık Kurulu, Southern Denmark University	2001
Associate Prof. / Prof.	Associate Prof, Pulmonary Disease	Southern Denmark University and Aarhus University	2006
Associate Prof. / Prof.	Pulmonary Disease	Southern Denmark University	2008
Professor	Pulmonary Disease	Near East University	2010

Master / Ph.D. Theses Supervision :

Services:

Title	Faculty	Year
Research assitant.	Southern Denmark University	1996-1999
Dr. Research assitant.	McMaster University, Canada	2001-2001
Assist. Prof.	Southern Denmark University	2001-2006
Associate Prof	Aarhus University	2006-2007
Associate Prof	Southern Denmark University	2007-2008
Prof.	Southern Denmark University	2008-2010
Prof.	Near East University	2010- ongoing

Theses completed :

Number of theses completed

Masters	5
PhD	3
Medical Specialty	5

Current Students:

Christian Borbjerg Laursen, Ultrasound of lungs, pleura and heart in acute admitted patients with respiratory symptoms. University of Southern Denmark

Jørgen Guldberg-Møller, Physical fitness and respiratory symptoms in 3 decades. University of Southern Denmark.

Roles in projects:

Researcher, Advisor and manager

Hørslev foundation: 34.600kr,

Danish Lung association : 198.500kr,

Danish Lung association 25.000kr,

Højbjerg fonden: 17.000kr,

Højbjerg fonden:20.000,

Asthma Allergi foundation: 20.000kr,

Kong Christian den X fond:25000kr.

K.A Rhode foundation: 30.625kr,

Else Wedell- Wedellsborgs foundation:25.500kr,

Danish foundation:50.000kr,

Odense University Hospital: 68.000kr;

Jacob Madsen fond:5.000kr,

Kong Christian den X fond:5000kr.

Danish Lung association:16.000kr;

South Danish Research foundation: 757.000kr.

South Danish Research foundation: 656.000kr.

Administrative Duties :

Head of Respiratory Research, University of Southern Denmark.

Anabilim Dalı Başkanı, Göğüs Hastalıkları ve Alerji

Membership to scientific organizations :

Danish Respiratory Society

Danish Society for Internal Medicine

European Respiratory Society

Awards :

Courses Taught During the Last Two Semesters:

Academic Year	Semester	Course Name	Weekly taught hours		Number of Students
			Theory	Practical	
2011-2012	Fall	tuberculosis	2		30
		asthma	2		30
		COPD	2		30
		Lung Cancer	2		30
		sleep apnea	2		30
		symptoms from respiratory tract	2		30
		acute respiratory insufficiency	2		30
	Spring				
2012-2013	Fall	tuberculosis	2		30
		asthma	2		30
		COPD	2		30
		Lung Cancer	2		30
		sleep apnea	2		30
		symptoms from respiratory tract	2		30
		acute respiratory insufficiency	2		30
	Spring				

Publications:

International Journals:

1. Christian B. Laursen, Erik Sloth, Annmarie Touborg Lassen, Jesper Rømhild Davidsen, Jess Lambrechtsen, Daniel Pilsgaard Henriksen, Poul Henning Madsen and Finn Rasmussen. Does point-of-care ultrasonography cause discomfort in patients admitted with respiratory symptoms? *Scandinavian Journal of Trauma, Resuscitation and Emergency Medicine* (2015) 23:46; DOI 10.1186/s13049-015-0127-x.
2. Guldberg-Møller J, Hancox RJ, Hansen HS, Rasmussen F. Physical fitness and amount of asthma and asthma like symptoms from childhood to adulthood" *Clin Respir J*. 2015 Apr 11. doi: 10.1111/crj.12145.

10.No relationship between lung function and high-sensitive C-reactive protein in adolescence. Nybo M, Hansen HS, Siersted HC and Rasmussen F. *Clin Respir J*. 2010 Oct;4(4):230-6. doi: 10.1111/j.1752-699X.2009.00181.x.

11.Asymptomatic airway hyperresponsiveness, cardio-respiratory fitness, hospitalisation and airway remodelling - population based longitudinal studies from childhood to young adulthood. *the Danish medical Bulletin* 2010 no 2.

12.High sensitivity C-reactive protein at 21 years is associated with reduced lung function at 29 years – a prospective population based study. F. Rasmussen, D. Mikkelsen, R. J Hancox, J. Lambrechtsen, M. Nybo, H.C. Siersted, H. S.Hansen. *Eur Respir J* 2009; 33: 382–388

13.Systemic inflammation and lung function in young adults; Robert J Hancox, Richie Poulton, Justina M Greene, Susan Filzell, Christene R McLachlan, F. Rasmussen, D Robin Taylor, Michael JA Williams, Avis Williamson, Malcolm R Sears. *Thorax* 2007 dec; 62(12) 1064-8

14.Asthma Control during the Year after Bronchial Thermoplasty Gerard Cox, M.B., Neil C. Thomson, M.D., Adalberto S. Rubin, M.D., Robert M. Niven, M.D., Paul A. Corris, M.D., Hans Christian Siersted, M.D., Ronald Olivenstein, M.D., Ian D. Pavord, M.D., David McCormack, M.D., Rekha Chaudhuri, M.D., John D. Miller, M.D., and Michel Laviolette, M.D. W. Busse, R. Schellenberg, A.S. Slutsky P. Nair, S. Goodwin, K. Currie; Montreal Chest Institute: J. Bourbeau, F. Houghton; N. Patterson, S. Metha, J. Howard, L. MacBean; Laval University: S. Martel, L.-P. Boulet, L. Morel, L. Trépanier; S. Bicknell, E. Livingston, J. Lafferty; C. Prys-Picard, G. Fletcher; B. Higgins, T. Small, B. Foggo; M. Berry, D. Shaw, N. Sheldon; N. Barnes D. Watson; P.G. Cardoso, P.R.D. Soares; F. Rasmussen, H.M. Christensen, M. Olsen *N Engl J Med* 2007; 356:1327-1337 March 29, 2007

15.Risk Factors for Airway Remodeling in Asthma Manifested by a Low Postbronchodilator FEV₁ /Vital Capacity Ratio: A Longitudinal Population Study from Childhood to Adulthood. F.Rasmussen, D.R.Taylor, E. M Flannery, J.O. Cowan, J. M Greene, G. P.Herbison, M.R. Sears. *Am J Respir Crit Care Med*. 2002 Jun 1; 165(11):1480-8

16. Outcome in adulthood of asymptomatic airway hyperresponsiveness in childhood: A longitudinal population study F.Rasmussen, D.R.Taylor, E. M Flannery, J.O. Cowan, J. M Greene, G. P.Herbison, M.R. Sears. *Pediatr pulmonology* 2002; 34: 164-171
17. Risk factors for hospital admission for asthma from childhood to young adulthood: A longitudinal population study. F.Rasmussen, D.R.Taylor, E. M Flannery, J.O. Cowan, J. M Greene, G. P.Herbison, M.R. Sears *Allergy Clin Immunol.* 2002 Aug; 110(2 Pt 1):220-7.
18. Asymptomatic airway hyperresponsiveness in childhood and subsequent risk for asthma and atopy in adulthood: a longitudinal population study. F.Rasmussen, D.R.Taylor, E. M Flannery, J.O. Cowan, J. M Greene, G. P.Herbison, M.R. Sears. *Pediatr Pulmonol.* 2002 Sep;34(3):164-71.
19. Increased eosinophil cation protein levels in sensitized non asthmatics is linked to subsequent hyperresponsiveness to methacholine . The Odense schoolchild study. F Rasmussen, Lambrechtsen L, Siersted HC, Hansen HS, Hansen NC. *Int Arch of Allergy Immunol* 2000;121:129-136.
20. The impact of airway lability and tobacco smoking in asymptomatic teenagers in the development of asthma related symptoms. The Odense schoolchild study. F Rasmussen, H. C. Siersted, J Lambrechtsen, H S. Hansen, N. C G. Hansen. *Chest* 2000 Vol 5,117: 1330-1335.
21. Low physical fitness in childhood is associated with the development of asthma in young adulthood. The Odense Schoolchild study. F. Rasmussen, J Lambrechtsen, H. C. Siersted, H. S. Hansen, N. C. G Hansen *European Respiratory Journal* 2000; 16: 866-870
22. Asymptomatic bronchial hyperresponsiveness to exercise in childhood is a risk factor for the development of asthma related symptoms in young adulthood: the Odense Schoolchild study; F. Rasmussen, J. Lambrechtsen, H. C. Siersted, H. S. Hansen, N. C. G Hansen *Thorax*, July 1999. Vol 54; No 7 p 587-589.
23. Ambulatory blood pressure in 570 Danes aged 19-21 years. The Odense Schoolchild Study. J.Lambrechtsen, F Rasmussen, HS Hansen, IA Jacobsen. *Journal of human Hypertension*, 1998,12:755-760.
24. Tracking and factors predicting rising in "tracking quartile" in blood pressure from childhood to adulthood: Odense Schoolchild Study. J.Lambrechtsen J, F. Rasmussen, HS Hansen; IA Jacobsen. *Journal of human Hypertension* 1999, 13:385-391.

***International Symposiums and Conferences:
INTERNATIONAL INVITED ABSTRACTS***

- 1.F. Rasmussen, R. Demirdamar, A. M. Abdi "Introducing Clinical Pharmacy Services: Efficacy in a Respiratory Diseases Clinic and Physicians Perceptions toward the Services at a University Hospital in Northern Cyprus". Int J Clin Pharm ,DOI 10.1007/s11096-014-0039-2,12 Dec 2014
- 2.Patient-Rated Level of Discomfort during Assessment with Point-of-Care Ultrasonography. Laursen, C. B., Sloth, E., Lassen, A. T., Lambrechtsen, J., Henriksen, D. P. & Rasmussen, F. Danish Emergency Medicine Conference 2014, 20 nov. 2014

- 12.Association between airway hyperresponsiveness, obesity, and lipoproteins in a young Danish cohort.; Nybo M; Rasmussen F; ERS Amsterdam 2011
- 13.Physical fitness and respiratory symptoms during three decades; The Odense schoolchild study Guldborg-Møller J and Rasmussen F; ERS Amsterdam 2011

14. An extraordinarily high sensitization profile in an adult population in Cyprus. Ciftci F and Rasmussen F; EAACI Istanbul 2011. A423
15. High-sensitive c-reactive protein and lung function development between age 14 and age 20 years” Nybo; Hancox; Rasmussen F; ERS Vienna 2009 Congress (Presentation number: P3828)
16. High sensitivity C-reactive protein at 21 years is associated with reduced lung function at 29 years – a prospective population based study. Finn Rasmussen, Dennis Mikkelsen, Robert Hancox; Mads Nybo, American Thoracic Society; The ATS international conference Toronto, ATS 2008. A329
17. Risk factor for hospital admission for asthma from childhood to young adulthood: a longitudinal population study. F. Rasmussen, D. R. Taylor, E. M Flannery, J.O. Cowan, J M Greene, G P. Herbison, M.R. Sears American Thoracic Society; The M' international conference Atlanta, ATS 2002;A42;poster J 14.
18. The Impact of childhood and adolescent asthma, wheeze, airway hyperresponsiveness and atopy on initiation of smoking F Rasmussen, D. R Taylor, E M Flannery, J O. Cowan, J M Greene, G. P Herbison, MR. Sears. American Thoracic Society; The 98th international 2002iA42;poster J 15
19. Asymptomatic airway hyperresponsiveness in childhood and subsequent risk for asthma and atopy in adulthood: a longitudinal population study. F. Rasmussen, D.R. Taylor, E M Flannery, J.O. Cowan, J. M Greene, G. P. Herbison, M.R. Sears. American Thoracic Society; 2002 A42;poster J 16. 98th international conference Atlanta, ATS

20. Risk factors for airway remodeling in childhood asthma: a longitudinal population study. F. Rasmussen, D. R. Taylor, E.M Flannery, J.O. Cowan, J.M Greene, G.P. Herbison, M.R. Sears. American Thoracic Society; The 98th international conference Atlanta, ATS 2002;C4 1;posterH78.
21. The Prevalence And Incidence Of Asthma And Asthma Like Symptoms In a Population Cohort Of Children And Young Adults. F. Rasmussen, J. Lambrechtsen, H. C. Siersted, G. Mostgaard, H. S. Hansen, N. C. Hansen, Odense, Denmark. American journal of Respiratory and Critical Care Medicine diseases Vol 157, No 3 March 1998
22. Evaluation of abnormal airway behaviour in asymptomatic subjects as a risk factor for the development of asthma from adolescence to young adulthood in a community based cohort. F Rasmussen, J Lambrechtsen, H. C. Siersted, N. C Hansen. Odense, Denmark. European Respiratory Society Annual congress September Geneva; European Respiratory Journal 1998; 12, Supplement 28: 439s.
23. Is Low Physical Fitness A Risk Factor For The Development Of Asthma? F. Rasmussen, J Lambrechtsen, H. C. Siersted, N. C. G. Hansen, Odense, Denmark. International Conference of American Thoracic Society, San Diego, april 1999. American Journal of Respiratory and Critical Care Medicine 1999; 159: A416.
24. Increased serum eosinophil protein levels in sensitized non asthmatics subjects precedes the development of bronchial hyperresponsiveness to methacholine Rasmussen, J. Lambrechtsen, H. C. Siersted, N. C Hansen. Odense University

Hospital, Denmark. European Respiratory Society Annual congress October Madrid 1999. European Respiratory Journal 1999; 14, Supplement.

25. Predictors of airway obstruction in a population of schoolchildren

F Rasmussen, J Lambrechtsen, H. C. Siersted, N. C. Hansen, Odense, Denmark International Conference of American Thoracic Society, Toronto, mai 2000; American Journal of Respiratory and Critical Care Medicine 2000; 161: A619.

26. Wheezing before the age of two years and the development of asthma, rhinitis, IgE sensitization, and hyperresponsiveness to methacholine in young adulthood. F. Rasmussen, J Lambrechtsen, H. C. Siersted, N. C. Hansen, Odense, Denmark

27. International Conference of American Thoracic Society, Toronto, may 2000; American Journal of Respiratory and Critical Care Medicine 2000; 161: A934.

28. The effect of respiratory tract symptoms, airway lability and atopy for the initiation of tobacco smoking in teenagers. The Odense schoolchild study. F. Rasmussen, J. Lambrechtsen, H. C. Siersted, N G G. Hansen. Odense University Hospital, Odense, Denmark; European Respiratory Society Annual congress October Berlin 2001.

29. Predictors of airway obstruction in a population of schoolchildren: The Odense Schoolchild Study. F Rasmussen, J. Lambrechtsen, A. V Olesen, H. C. Siersted, N. C. G. Hansen. American journal of Respiratory and Critical Care Medicine diseases, Mai 2000

30. Longitudinal changes in allergen skin test reactivity in an random population sample 6years apart: The Odense Schoolchild study. F. Rasmussen, J Lambrechtsen, H. C. Siersted, N. C Hansen. Odense, Denmark World Congress on Lung Health and 10th ERS annual congress Florence; European Respiratory Journal 2000; 16, Supplement 31: 466s.

31. The shape of the maximal expiratory flow volume (MEFV) curve in healthy never smoking monozygotic and dizygotic twins. N. C Hansen, F. Rasmussen. Odense University Hospital, Denmark. European Respiratory Society Annual congress September Geneva; European Respiratory Journal 1998; 12, Supplement 28: 189s.

32. Flow Oscillations During Forced Expirations In Healthy Twins Are Associated With The Rise Time To PEF. NCG. Hansen, F. Rasmussen, Odense, Denmark.

33. International Conference of American Thoracic Society, San Diego, april 1999; American Journal of Respiratory and Critical Care Medicine 1999; 159: A839

34. The use of anti asthma medication among adults users of montelukast in Denmark in 1998. A population based study. N. C Hansen, F. Rasmussen,. M Andersen, Odense University Hospital, Denmark. European Respiratory Society Annual congress October Madrid 1999. European Respiratory Journal 1999; 14, Supplement

35. Increased eosinophil cation protein levels in sensitized non asthmatics is linked to subsequent hyperresponsiveness to methacholine . The Odense schoolchild study. Lambrechtshen J, Rasmussen F, Siersted HC, Hansen HS, Hansen NC.

36. International Conference of American Thoracic Society, Toronto, may 2000; American Journal of Respiratory and Critical Care Medicine 2000; 161: A542.

37. Six year follow up study of asthma asthma like symptoms and airway lability during adolescence. The Odense Schoolchild Study Group. Siersted HC, Rasmussen

F, Lambrechtsen J., American journal of Respiratory and Critical Care Medicine diseases, May 2000

38. Do healthy twins have healthy lungs? B. Dalsgaard, F Rasmussen, N C G. Hansen, Odense University Hospital, Odense, Denmark. World Congress on Lung Health and 10th ERS annual congress Florence 2000; European Respiratory Journal 2000; 16, Supplement 31: 472s.

39. Rise time to peak expiratory flow in young and middle aged twins may be related to prematurity and maternal tobacco smoking during pregnancy. N-C G. Hansen, F. Rasmussen. Odense University Hospital, Odense, Denmark. World Congress on Lung Health and 10th European Respiratory Society annual congress Florence 2000; European Respiratory Journal 2000; 16, Supplement 31: 446s

40. The rise time (RT) to the peak expiratory flow (PEF) is shorter in young adults with diagnosed asthma. Hansen N-C G, Rasmussen F. International Conference of American Thoracic Society, San Francisco, May 2001. American Journal of Respiratory and Critical Care Medicine 200 1; 163: A41.

41. Shorter rise time (RT) to the peak expiratory flow (PEF) seems to precede a doctor's diagnosis of asthma in young males. N-C. G. Hansen, F Rasmussen, H. C. Siersted. Odense University Hospital, Odense, Denmark. European Respiratory Society Annual congress October Berlin 2001.

42. Significant regional differences in self reported incidence of asthma and prevalence of respiratory symptoms in healthy Danish twins. DaIsgaard, F Rasmussen, N-C.G. Hansen. Odense University Hospital, Odense, Denmark. European Respiratory Society Annual congress October Berlin 2001.

43. Higher cardiovascular risk in non dippers from a normotensive population? Odense Schoolchild study J. Lambrechtsen, F. Rasmussen, I Abildgaard, HS. Hansen. 13th meeting of American Hypertension Society. Journal of hypertension NY, May 1998.

44. Tracking of cardiovascular risk factors from childhood to adulthood. Odense Schoolchild study. J. Lambrechtsen, F. Rasmussen, I Abildgaard, HS. Hansen 14th meeting of American Hypertension Society. Journal of hypertension NY, May 1999

45. Clustering of cardiovascular in young adults Odense Schoolchild study .J Lambrechtsen, F. Rasmussen, I Abildgaard, HS. Hansen 14th meeting of American Hypertension Society. Journal of hypertension, May 1999.

46. Comparison of ambulatory blood pressure and other cardiovascular risk factors between "lean" adolescents smokers and non-smokers. J Lambrechtsen, F. Rasmussen, I Abildgaard, HS. Hansen Joint ISH/ESH Meeting - Prague, June 23-27, 2002

47. Cardiovascular risk factor profile in young healthy subjects according to resting heart rate. J Lambrechtsen, F. Rasmussen, Abildgaard, HS. Hansen. The Odense Schoolchild Study. NCC – Odense, June 4-6, 2003

48. Poor physical fitness in childhood linked to asthma in early adulthood; International medical news group. 2003

17. Increased serum eosinophil protein levels in sensitized non-asthmatics subjects precedes the development of bronchial hyperresponsiveness to methacholine F. Rasmussen, J. Lambrechtsen, H. C. Siersted, N. C Hansen. Odense University Hospital, Denmark. European Respiratory Society Annual congress October Madrid 1999. European Respiratory Journal 1999; 14, Supplement.
18. Predictors of airway obstruction in a population of schoolchildren F Rasmussen, J Lambrechtsen, H. C. Siersted, N. C. Hansen, Odense, Denmark International Conference of American Thoracic Society, Toronto, mai 2000; American Journal of Respiratory and Critical Care Medicine 2000; 161: A619.
19. Wheezing before the age of two years and the development of asthma, rhinitis, IgE sensitization, and hyperresponsiveness to methacholine in young adulthood. F. Rasmussen, J Lambrechtsen, H. C. Siersted, N. C. Hansen, Odense, Denmark International Conference of American Thoracic Society, Toronto, may 2000; American Journal of Respiratory and Critical Care Medicine 2000; 161: A934.
20. The effect of respiratory tract symptoms, airway lability and atopy for the initiation of tobacco smoking in teenagers. The Odense schoolchild study. F. Rasmussen, J. Lambrechtsen, H. -C. Siersted, N-G G. Hansen. Odense University Hospital, Odense, Denmark; European Respiratory Society Annual congress October Berlin 2001.
21. Predictors of airway obstruction in a population of schoolchildren: The Odense Schoolchild Study. F Rasmussen, J. Lambrechtsen, A. V Olesen, H. C. Siersted, N. C. G. Hansen. American journal of Respiratory and Critical Care Medicine diseases, Mai 2000
22. Longitudinal changes in allergen skin test reactivity in an random population sample 6years apart: The Odense Schoolchild study. F. Rasmussen, J Lambrechtsen, H. C. Siersted, N. C Hansen. Odense, Denmark World Congress on Lung Health and 10th

- ERS annual congress Florence; European Respiratory Journal 2000; 16, Supplement 31: 466s.
23. The shape of the maximal expiratory flow-volume (MEFV) curve in healthy never smoking monozygotic and dizygotic twins. N. C Hansen, F. Rasmussen. Odense University Hospital, Denmark. European Respiratory Society Annual congress September Geneva; European Respiratory Journal 1998; 12, Supplement 28: 189s.
 24. Flow Oscillations During Forced Expirations In Healthy Twins Are Associated With The Rise Time To PEF. NCG. Hansen, F. Rasmussen, Odense, Denmark.
 25. International Conference of American Thoracic Society, San Diego, april 1999; American Journal of Respiratory and Critical Care Medicine 1999; 159: A839.
 26. The use of anti-asthma medication among adults users of montelukast in Denmark in 1998. A population-based study. N. C Hansen, F. Rasmussen, M Andersen, Odense University Hospital, Denmark. European Respiratory Society Annual congress October Madrid 1999. European Respiratory Journal 1999; 14, Supplement.
 27. Increased eosinophil cation protein levels in sensitized non-asthmatics is linked to subsequent hyperresponsiveness to methacholine . The Odense schoolchild study. Lambrecht J, Rasmussen F, Siersted HC, Hansen HS, Hansen NC. International Conference of American Thoracic Society, Toronto, may 2000; American Journal of Respiratory and Critical Care Medicine 2000; 161: A542.
 28. Six year follow-up study of asthma asthma-like symptoms and airway lability during adolescence. The Odense Schoolchild Study Group. Siersted HC, Rasmussen F, Lambrecht J., American journal of Respiratory and Critical Care Medicine diseases, May 2000
 29. Do healthy twins have healthy lungs? B. Dalgaard, F Rasmussen, N-C G. Hansen, Odense University Hospital, Odense, Denmark. World Congress on Lung Health and 10th ERS annual congress Florence 2000; European Respiratory Journal 2000; 16, Supplement 31: 472s.
 30. Rise time to peak expiratory flow in young and middle-aged twins may be related to prematurity and maternal tobacco smoking during pregnancy. N-C G. Hansen, F. Rasmussen. Odense University Hospital, Odense, Denmark. World Congress on Lung Health and 10th European Respiratory Society annual congress Florence 2000; European Respiratory Journal 2000; 16, Supplement 31: 446s.
 31. The rise time (RT) to the peak expiratory flow (PEF) is shorter in young adults with diagnosed asthma. Hansen N-C G, Rasmussen F. International Conference of American Thoracic Society, San Francisco, May 2001. American Journal of Respiratory and Critical Care Medicine 2001; 163: A41.
 32. Shorter rise time (RT) to the peak expiratory flow (PEF) seems to precede a doctor's diagnosis of asthma in young males. N-C. G. Hansen, F Rasmussen, H. C. Siersted. Odense University Hospital, Odense, Denmark. European Respiratory Society Annual congress October Berlin 2001.
 33. Significant regional differences in self-reported incidence of asthma and prevalence of respiratory symptoms in healthy Danish twins. B. Dalgaard, F Rasmussen, N-C.G. Hansen. Odense University Hospital, Odense, Denmark. European Respiratory Society Annual congress October Berlin 2001.

34. Higher cardiovascular risk in non-dippers from a normotensive population?- Odense Schoolchild study. J. Lambrechtsen, F. Rasmussen, I. Abildgaard, H.S. Hansen. 13th meeting of American Hypertension Society. Journal of hypertension NY, May 1998.
35. Tracking of cardiovascular risk factors from childhood to adulthood. Odense Schoolchild study. J. Lambrechtsen, F. Rasmussen, I. Abildgaard, H.S. Hansen. 14th meeting of American Hypertension Society. Journal of hypertension NY, May 1999.
36. Clustering of cardiovascular risk factors in young adults-Odense Schoolchild study .J Lambrechtsen, F. Rasmussen, I. Abildgaard, H.S. Hansen. 14th meeting of American Hypertension Society. Journal of hypertension, May 1999.
37. Comparison of ambulatory blood pressure and other cardiovascular risk factors between "lean" adolescents smokers and non-smokers. J Lambrechtsen, F. Rasmussen, I. Abildgaard, H.S. Hansen. Joint ISH/ESH Meeting - Prague, June 23-27, 2002
38. Cardiovascular risk factor profile in young healthy subjects according to resting heart rate. J Lambrechtsen, F. Rasmussen, I. Abildgaard, H.S. Hansen. The Odense Schoolchild Study. NCC – Odense, June 4-6, 2003
39. Poor physical fitness in childhood linked to asthma in early adulthood; International medical news group. 2003

E. National Conferences/Symposiums:

How does lung function develop through adolescence in children with airway obstructive illness compared to healthy children. AN Closer, Erlandsen, F Rasmussen; In S. Lundbye Christensen(ed.). Symposium i Anvendt statistik 2000, 9-11 august; 223-234. Aalborg Universitet. Denmark

About Thorax, Chiropractions, Referral to hospital: who, when and how. 15-16 April 2007; Odense.

Thorax pain ; Sandevik; Norway; Annual Congress; 8-9 feb 2008; Faculty of Bioscience

Teaching, planning and examination in 2004-2005 at the faculty of Bioscience at University of Southern Denmark

Spirometry ? How, when and what to do; General practitioner Assembly 2009; 2010

Lung fibrosis, what can you do in general practice; 2010 sponsored by UCB

The COPD patient diagnosis and treatment; 3 times at 2009 and 1 time 2010 sponsored by Pfizer

Prevalence and incidence of asthma and asthma related symptoms in Funen; Danish Lung association 1998.

Cardio-respiratory fitness and risk for asthma 1999 Danish Lung association.

Patients who buy leukotriene antagonist montelukast in Funen 1998? Hansen NCG, Rasmussen F, Andersen M. ; Danish Lung association 1999.

Epidemiology of Asthma and Allergy; Danish association for Allergy, 2000

Asthma in childhood; congress for Danish association for internal medicine 2002

Patients with high risk of lung cancer still don't get referred to thorax X-ray; Mette Hansen, Helle Dall Madsen, Finn Rasmussen, Niels-Chr. G. Hansen; Danish Lung Association 2006.

NURSES AND PREVENTIVE INSTRUCTOR FOR SMOKING CESSATION

Region of Funen 2003-2005;

Midtjylland kommune 2009.

Region of Southern Denmark 2008, 2010

EDUCATION OF PHARMACEUTICAL INDUSTRY PERSONNEL

Asthma/Diagnosis/Treatment for medical representatives; Duracan 2000

Asthma and COPD treatment and Pharmacology. Pharmaceutical Union of Denmark; post graduate education for biotechnician, 2006 -2009

PUBLIC PREVENTIVE MEASURES and NON-MEDICAL PAPERS

COPD and lung function, Boserupminde Svendborg, 16 feb. 2004-8

Hyperresponsiveness; Bladet Helse 2001

Hyperresponsiveness and asthma; Lungeforeningen blad 2001

Hyperresponsiveness and allergy, where do we stand ? Bulletin of Southern Denmark. 2010
